"Inspired to Publish. For years I've been saying that I want to write a book, but it seemed so far from reality. After reading Julie Beyer's book, my confidence soared, and I know now that writing and publishing a book is within reach--and not so difficult as I thought. The beauty of *You CAN Write a Book* is that it is concise and to the point, distilling the facts down to what I need to know. Then, if I need additional information or support, the resources at the end of each chapter point to credible internet sites. To me, it's extremely valuable to learn the nuts and bolts from someone who has been there and done that. This book is a real gem, and I will keep it close at hand as I navigate the writing and publishing waters. Bravo!" *L. Schuessler, Amazon Customer Review*
